

# SUPREME series

Virtually indestructible, the rugged Vanguard Supreme Series hard cases have innovative features for unmatched strength and durability. They are O-ring sealed, waterproof (up to a depth of 16.5 feet / 5 meters), airtight, and built to withstand the most extreme conditions (-40°F / -40°C to +203°F/+95°C). Supreme cases are great for airline travel with an automatic pressure equalization valve and ability to support up to 265 lbs / 120 kg of exterior weight. Anti-slip rubber feet and a solid carrying handle offer extra durability. Thick, quick-release latches lock in place and steel-reinforced lock holders are great for use with pad locks for added security.

Supreme cases are available in two interior configurations. Choose from dense, customizable hexagon-shaped foam or a unique removable soft bag with removable and adjustable dividers. Both provide an extremely tailored, custom fit for gear.

WATER, AIR AND DUST PROOF CASE

Handle is cushioned for comfort

Strong and lightweight

Customizable hexagon-shaped foam

Automatic pressure equalization valve

## Supreme 27F / 37F / 40F

Two storage levels
